|-------------------|---|-----------------|
| Objective IVC 2.1 | Collaborate with the work teams for College Systems Objectives 2.1, 2.2, and 2.3 to ensure that new facilities – the Student Center (Building 12) and classroom space (Building 17) - are integrated into all other campus planning to ensure that they serve educational, student support, and/or community needs. |                 |

**EPC Notes/Recommendations:**

- Scheduling classrooms is currently challenging at IVC and needs to be considered together with current goal to increase headcount. Classroom size and technology does not always match program/course needs. Relook at current IVC Goal 2 objective language which is currently specific to particular buildings – might focus language more on instruction/program needs and matching facilities with this. IP Goal 3 might be relevant here. Consider connection to CS Goal 3 too.
